INTRODUCTION

The purpose of this report is to provide our faculty, staff, and students with campus security and safety information in order that their experiences at Westchester Community College may be safe and enjoyable. This report is prepared by the Westchester Community College Security Department and any questions regarding it should be directed to Campus Security, located in Room #118 of the Student Center Building, or telephone (914) 606-6730.

This report is filed as required by the federal “Crime Awareness and Campus Security Act,” (hereafter referred to as the Campus Safety Act) which was last amended in 1998. This report includes statistics for the previous three years concerning reported crimes that occurred on campus, in certain off campus buildings or property owned or controlled by Westchester Community College, and on public property within, or immediately adjacent to, and accessible from the campus. This report also includes institutional policies concerning campus security, alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters. Campus crime statistics, as reported to the United States Department of Education, may be accessed on the U.S. Department of Education website at: <http://ope.ed.gov/security>

To receive a hard copy of this report and crime statistics, contact the Security Office, Room 118 in the Student Center Building (914-606-6730) or access the following website: <http://www.sunywcc.edu/security>

EMERGENCY ALERT SYSTEM

Westchester Community College uses an emergency alert system that can send text messages, email, and voice messages. Students, faculty, and staff are automatically signed up for the system using the contact information in their employee/student records. This system is available only to students and employees of Westchester Community College. All personal information will be kept confidential, and the system will ONLY be activated in the event of an emergency or important campus announcements.

Additionally, public address systems and flat-screen displays are located throughout Westchester Community College buildings. These systems may also be activated to provide critical information during an emergency.

CAMPUS SECURITY OBJECTIVE

The objective of Campus Security is to provide a safe environment for teaching, research, and social endeavors and to protect the lives and property of the students, employees, and visitors to Westchester Community College. This objective is pursued within the framework of Westchester Community College’s rules and regulations and all local, state, and federal laws. The investigation of crimes committed on the Valhalla campus fall under the jurisdiction the Westchester County Police Department and the investigations of crimes committed at extension sites fall under the jurisdiction of the local Police Department, with assistance from the Director of Campus Security and his assistants. Campus Security administrators maintain an excellent rapport with the local police and work closely with them to maintain safe campuses.

The college upholds the rights of students and staff to know of incidents which occur on campus, measures taken to promote precautions, and swift effective responses to crises. The responsibility for maintaining personal and campus safety is shared by all students, faculty, and staff of the College.

Westchester Community College and the Security Department recognize the necessity of a community which is open and intellectually stimulating, where diversity of ideas is valued and every person’s safety, dignity and autonomy is respected whether they are students, faculty, or staff, and regardless of race, ethnicity, age, religion, class, national origin, gender, sexual orientation, or disability.

THE CAMPUS SEX CRIMES PREVENTION ACT

The Campus Sex Crimes Prevention Act (section 106 of Public Law 106-39) is a federal law enacted on October 28, 2000 that provides for the tracking of convicted sex offenders enrolled at or employed by institutions of higher education. This law requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State, concerning registered sex offenders, may be obtained. In New York, you can obtain this information by contacting the Division of Criminal Justice Services at 1-800-262-3257 or visiting their web site at: http://www.criminaljustice.ny.gov/SomsSUBDirectory/search_index.jsp

REGISTERED SEX OFFENDERS

Any Registered Sex Offender attending or working at Westchester Community College is required by law to inform the NYS Division of Criminal Justice Services (DCJS) of their status at the college. Once informed, DCJS sends a notification to Westchester Community College and local law enforcement. Additionally, as a precaution, the Westchester Community College Security Department notifies the Westchester County Police Department of any Registered Sex Offender known to be attending or working at the college each semester. The Westchester Community College Security Department also refers information about Registered Sex Offenders attending or working at the college to the Associate Dean of Student Life and the Vice President of Administrative Services.

STUDENT ENROLLMENT/EMPLOYEES

Enrollment and employment figures for Westchester Community College are available at <https://www.sunywcc.edu/about/ir/facts-and-figures/>.

SECURITY AND ACCESS TO CAMPUS FACILITIES

In order to gain access to campus facilities outside of normal college hours (Monday-Friday 7am-10:30pm), persons must arrange with the Facilities Coordinator for the use of the facilities. After permission has been obtained, the Director of Security must be contacted for arrangements to gain access to the building(s). The Director of Security in conjunction with other administrators will determine the need for Westchester County Police or contract security officers to be assigned to events held at Westchester Community College. Any incidents occurring at these events should be reported to, and handled by, Campus Security.

REPORTING OF ON-CAMPUS CRIMES AND INCIDENTS

The Director of Campus Security at Westchester Community College records crime and incident statistics throughout the year. These statistics are recorded in monthly campus security reports sent to the Director of the Physical Plant. These statistics are totaled at the end of the year and shared with the college community. These statistics are also reported to the United States Department of Education and made available to the public. The last section of this report contains campus crime statistics including arrests and disciplinary referrals made to campus authorities for alcohol, drugs, and weapons possession. As defined by the Campus Safety Act, a referral is an instance when a student is formally reported in writing to a college officer for possible sanction.

As required by the Campus Safety Act, Westchester Community College must include hate crime statistics in this report. A hate crime occurs when a person is victimized intentionally because of his/her actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability. Formal requests for crime statistics for areas defined as “public property” and “non-campus buildings and property” were made with local police departments for the main campus and all off site locations. The definitions of these offenses, which are defined in the “Uniform Crime Report” and the “Crime Awareness and Campus Security Act,” appear later in this report.

DAILY CRIME LOG

Campus Security maintains a daily log of crimes and incidents occurring on Valhalla Campus and the Extension Centers that is available for the public to view. This information is recorded by date, time, general location, and disposition of the complaint. The daily log is available at the Security Office, Student Center, Room #118 Monday through Friday from 9:00 AM to 5:00 PM. It may also be attained at the College Extension Centers by making a request for it with the Extension Center's Director. Entries or updates are generally made within two business days after the event occurs. Incidents or situations deemed to pose a threat to the campus community are logged as soon as possible. While most events are logged, the Director of Campus Security may determine that an incident be temporarily classified as "confidential" in order not to jeopardize a criminal investigation or the identity of a victim.

CAMPUS SECURITY AND THEIR RELATIONSHIP WITH LAW ENFORCEMENT

The Westchester County Department of Public Safety has primary law enforcement jurisdiction at the Valhalla Campus and is responsible for the investigation of all crimes reported on the Valhalla Campus. Primary law enforcement jurisdiction at each Extension Center falls to the Police Department having jurisdiction in the municipality where the center is located.

In addition, the following is the status of Campus Security:

1. Uniformed Security Officers and Supervisors are provided twenty-four hours a day, seven days a week through a contract service. In addition to the 24/7 presence on the Valhalla Campus, Uniformed Security Officers are stationed at each Extension Center during hours of operation
2. Uniformed security staffing levels are adjusted throughout the year as appropriate. Staffing levels are highest during the fall and spring semesters when the College is open.
3. The Security Dispatcher is on duty twenty-four hours a day, seven days a week. Security Officers assigned to the Extension Centers communicate and report all security activities directly with to the Security Dispatcher.

7. Additional Uniformed Security Officers and/or Westchester County Police Officers are provided as needed for special events at the Valhalla Campus and the Extension Centers.

NOTE: The contract security officers receive eight hours of pre-employment training, sixteen hours of on-the-job training, and eight hours of annual refresher training as required by New York State. Additionally, all Security Officers assigned to Westchester Community College receive 24 hours of site-specific training at the college prior to assignment and thereafter 16 hours of Westchester Community College in-service training. They do not have police or peace officer arrest powers.

Criminal activity at off-campus property is monitored by the Campus Security Department in cooperation with the local police. Students involved in off-campus situations involving alcohol/drug offenses or other criminal activities may be referred for campus disciplinary procedures.

INVESTIGATION OF VIOLENT FELONY OFFENSES & MISSING STUDENTS

Article 129-A of the New York State Education Law requires all public, private, community colleges and universities in New York State to adopt and implement rules and a plan for investigating violent felony offenses committed on campus and for the investigation of any report received of a missing student who resides on campus. Furthermore, the law requires that the plan shall provide for coordination with local enforcement agencies and shall include written agreements with these agencies for the prompt investigation of these crimes. In compliance with this requirement, Westchester Community College has established a Memorandum of Understanding (MOU) with the Westchester County Department of Public Safety, establishing guidelines for the coordination of law enforcement efforts and the investigation of crimes, including those listed above.

ADVISORY COMMITTEE ON CAMPUS SECURITY

As required by Article 129-A of the New York State Education Law, Westchester Community College maintains an Advisory Committee on Campus Security. This committee meets during the academic year to review, and recommend improvements to, WCC policies and procedures relating to a variety of security and personal safety issues.

CRIME PREVENTION ACTIVITIES

The WCC campus is generally a safe and secure environment; however, it is a public access facility, and we cannot guarantee who is on the campus and for what purpose. You must be alert for your own safety and security. Listed below are some suggestions for your safety:

1. Pay careful attention to your personal belongings.
 - Keep purses, gym bags, book bags and wallets in your view or under lock and key.
 - Because textbooks are expensive, they may be a temptation to a thief. Put your name on each book, and do not leave your books unattended.
2. Lock your car doors each time you leave the car.
3. Leave nothing in your car within view of a potential thief. Do not, for instance, store your books on the back seat.
4. Have your car keys in hand before leaving a building.
5. Evening students in particular are encouraged to walk in groups to cars and bus stops after leaving class or the library.
6. Members of the college community are urged to secure their valuables and be aware of their surroundings.

Additionally, the following security measures are in place for your safety:

- Campus Security in conjunction with other departments hold educational programs each semester on a variety of topics including personal safety awareness, rape awareness, sexual assault training, and anti-theft programs.

- Information on safety and security is provided to students and employees upon request via seminars, crime alerts, campus wide e-mail, posters, and the college student newspaper.
- During orientation, students are informed of safety programs and the safety services available on campus.
- The campus is well lighted in parking areas and pathways frequently traveled by students.
- There are Emergency Blue Light Phones strategically located throughout the campus that connect directly with the County Police without having to dial. These phones are for emergencies requiring immediate police assistance. Directions for proper use are printed on the inside of the call box in English and Spanish.
- There is a “Campus Emergency Phone” in the lobby of each building. This phone will automatically dial the college Emergency Number (ext. 6-911) when activated.
- By calling extension 6984, or (914) 606-6984 from an outside phone, a person may request that a Security Officer accompany them between buildings, to his/her automobile, or to the bus stop.
- To contact the Security Department for an **emergency** dial 6-911 from any college phone. If calling from a payphone or other outside phone, dial (914) 606-6911.
- The Security Department will assist students and staff in obtaining and enforcing **orders of protection** when necessary.

VIDEO SURVEILLANCE CAMERAS

Westchester Community College maintains video surveillance cameras at various locations throughout our facilities. Video is recorded to provide a historical record that will facilitate the investigation of crimes after the fact. The presence of cameras can sometimes deter certain crimes from occurring; however, these cameras are not intended to prevent crime from happening. Although there will be times when a camera may be monitored in real-time, you should assume that the cameras are not being actively monitored the majority of the time and are not a guarantee of safety. You should always take appropriate precautions to ensure your own safety, even when you see video surveillance cameras are present.

The video surveillance cameras are used for campus safety purposes and to facilitate the investigation of crimes after the fact. The recorded data from the video surveillance cameras will only be accessible to Westchester Community College Security Department administrators, their designees, and law enforcement when appropriate. The data will be accessed to facilitate investigations, or as needed to improve security services at Westchester Community College. No unapproved persons may monitor or view video for any reason except as necessary in the course of an investigation or adjudication. Westchester Community College will make every effort to cooperate with federal, state, and local law enforcement investigations, including the provision of video surveillance camera data, as appropriate and necessary.

BIAS CRIMES INFORMATION

Generally, a person commits a hate crime when he or she commits a specified offense and is motivated in whole or in part by bias on the part of the offender toward the race, color, national origin, gender, religion, sexual orientation, age (sixty or older), or disability of the victim.

Penalties for bias related crimes range from monetary fines up to a minimum of twenty years in prison, depending on the nature of a specific offense. Specific information regarding hate crime offenses and related penalties may be obtained from article 485 of the New York State Penal Law.

Whenever a member of the college community becomes a victim of a bias related crime, that member shall notify the Westchester Community College Security Department as soon as possible. The Security Department will respond, ascertain information for a report, and make the following notifications as appropriate:

- Local Police
- President's Office
- Vice President of Student Access, Involvement and Success
- Personal Counseling
- Director of Human Resources (staff involved)
- Other notifications when warranted

All reports of bias crimes will be investigated, and perpetrators will be subject to administrative discipline consistent with Westchester Community College policies and procedures as well as criminal prosecution as allowed by law.

The Westchester Community College Department of Personal Counseling is available to assist any individual who believes they are the victim of a bias crime. The services include not only the coordination of intervention with other campus departments, but also on campus counseling as well as referrals to off-campus agencies and services.

There were zero (0) bias crimes, which were all categorized as destruction/damage/vandalism of property, reported to Westchester Community College Security Department in 2023.

The Security Department utilizes the following methods to advise students, faculty, and staff about security measures on campus:

- WCC Website
- Email
- Emergency Notification System
- Annual Campus Security & Safety Report
- Student Handbook
- Faculty Handbook
- Informational Brochures

Examples include, but are not limited to: a) touching breasts or another's genitals without their consent (through clothing or skin to skin contact), b) having sexual contact/ intrusion/ penetration with someone who is incapacitated (one who is incapable of making a rational decision; e.g. from alcohol/drug usage), c) continuing sexual activity after either party has made clear, either verbally or by conduct, that they do not wish to have physical contact.

Applicable Laws & Penalties

New York State laws applicable to sexual assault are found in Article 130 of the New York State Penal Code. The Violence Against Women Act and its proposed regulations require the inclusion of certain New York State definitions in a campus's Annual Security Report and require that those definitions be provided in campaigns, orientations, programs and trainings for employees and students. Definitions required include: consent; dating violence; domestic violence; sexual assault; and stalking:

Consent:

Lack of consent results from: forcible compulsion; or incapacity to consent; or where the offense charged is sexual abuse or forcible touching, any circumstances, in addition to forcible compulsion or incapacity to consent, in which the victim does not expressly or impliedly acquiesce in the actor's conduct. Where the offense charged is rape in the third degree, a criminal sexual act in the third degree, or forcible compulsion in

circumstances under which, at the time of the act of intercourse, oral sexual conduct or anal sexual conduct, the victim clearly expressed that he or she did not consent to engage in such act, and a reasonable person in the actor's situation would have understood such person's words and acts as an expression of lack of consent to such act under all the circumstances. A person is incapable of consent when he or she is: less than 17 years old; or mentally disabled; or mentally incapacitated; or physically helpless; or committed to the care and custody of the state department of correctional services, a hospital, the office of children and family services and is in residential care, or the other person is a resident or inpatient of a residential facility operated by the office of mental health, the office for people with development disabilities, or the office of alcoholism and substance abuse services, and the actor is an employee, not married to such person, who knows or reasonably should know that such person is committed to the care and custody of such department or hospital.

Consent, abbreviated:

Factors that may be considered in determining whether a relationship is an "intimate relationship" include, but are not limited to: the nature or type of relationship regardless of whether the relationship is sexual in nature; the frequency of interaction between the persons; and the duration of the relationship. Neither a casual acquaintance nor ordinary fraternization between two individuals in business or social contexts shall be deemed to constitute an "intimate relationship"; Any other category of individuals deemed to be a victim of domestic violence as defined by the office of children and family services in regulation. Sexual Assault

Allegations of criminal sexual misconduct, sexual violence and sexual assault should be reported to the Police by dialing 911 or Campus Security at the emergency number 6-911 or (914) 606-6984.

If You Have Been Sexually Assaulted

- Go to a safe place. Call someone you trust for support. Sexual Assault Crisis Line Counselors are available 24 hours a day. To be automatically connected with 24-hour rape hotline, please call (914) 345-9111.
- Help preserve evidence. Don't change anything about the scene where the assault occurred. Don't wash any part of your body, comb your hair or change clothes.
- Get medical attention as soon as possible. A medical examination is important to detect injury and for possible protection against a sexually transmitted disease or pregnancy.
- Think about reporting the assault to the police. Telling the police does not mean that you have to prosecute (go to trial).
- If you do want to prosecute, it is essential to have a rape exam at a hospital emergency room soon after the assault. To increase your options later, this exam is recommended, even if you are unsure about prosecution.
- Following a sexual assault, you may feel shock, embarrassment, shame, guilt, disbelief, anger, anxiety or nothing at all. These are all normal reactions to a violent crime.
- Remember, **IT IS NOT YOUR FAULT**.
- Sometimes months or even years after an assault, survivors re-experience feelings they had immediately following the attack. Counseling or support groups may help at these times.

- You may be eligible for compensation of some costs incurred as a result of a sexual assault. In order to receive assistance, contact Victims Assistance Services at (914) 345-3113.
- Decisions made after a sexual assault are difficult; there are no right answers, only what is right for you. Get the support you deserve.

Victims Rights

1. Victims have the right to choose counseling and medical treatment and to prosecute and report their case through the college judicial system and or the off-campus court system. They have the right to refuse all these options without reproach from any university personnel.
2. Victims have the right to be treated with dignity and seriousness by campus personnel.
3. Victims of crimes against an individual have the right to be reasonably free from intimidation and harm.
4. College personnel are encouraged to inform all victims that:
 - Victims are not responsible for crimes committed against them
 - Victims are not negligent and do not assume the risk of crime
 - Victims should always report their crime, despite the possibility of adverse publicity for the university
 - Victims will be made aware of appropriate student services, including counseling
 - Victims are entitled to the same support opportunities available to the accused in a campus disciplinary proceeding
 - The victim has the right to information regarding the status of his/her case
 - Any victim who does not wish to remain in his/her present class section may be granted a transfer to another class section if available

Substance Abuse and Sexual Assault

Some Basic Facts on the criminal use of sedating substances to facilitate sexual assault:

For centuries alcohol has been used to facilitate sexual assault. Today it remains the substance most frequently associated with date rape, and the most accessible sedating substance. Other sedating drugs are increasingly being misused to commit sexual assault by spiking victims' beverages. These are referred to by a number of street names of which you should be aware. These include Liquid Ecstasy, Liquid X, Grievous Bodily Harm and Easy Lay for GHB, and Special K for ketamine. Common street names for Rohypnol include Roofies, Roachies, La Rocha and the forget pill.

The physical effects of alcohol and sedating drugs are very similar and include impaired judgment and motor coordination, disinhibition, dizziness, confusion and extreme drowsiness. If enough alcohol or sedating substances are consumed, an individual may fall unconscious or may not remember the details of what occurred. *Depending on the substance and the presence of alcohol and other drugs in the person's system, more dangerous and sometimes life-threatening side effects may occur.*

How to reduce the risk of being drugged and sexually assaulted:

- Do not leave beverages unattended.
- Do not take any beverages, including alcohol, from someone you do not know well and trust.
- At a bar or club, accept drinks only from the bartender or server.
- At parties, do not accept open-container drinks from anyone.
- Be alert to the behavior of friends and ask them to watch out for you. Anyone extremely intoxicated after consuming only a small amount of alcohol may be in danger.
- Limit alcohol consumption so you are better able to assess your surroundings and eat substantive food before drinking to help curb its sedating effects.
- When drinking in social settings, make arrangements with a friend so that you can leave together.

Most importantly, remember that whether you follow these tips or not, if someone sexually assaults you, it is *not* your fault. You are *never* to blame for someone else's actions.

Precautions

Even the best self-defense program cannot completely prevent sexual assault.

Be aware that everyone is a potential victim of sexual assault. The most vulnerable target is a woman alone. It is a myth that assault is provoked by a woman's dress or mannerisms. Opportunity and vulnerability are the key factors. Over 80 percent of all sexual assaults are committed by an acquaintance of the victim, but almost half of these victims tell no one about the attack. Many attacks begin with casual conversation. If your gut-level response to a stranger or friend is uneasiness, try and get out of the situation as quickly as possible, even if it means being rude or making a scene. The keys to prevention are awareness, trusting your intuition, and assertive behavior. Take the time to think ahead what you might do in the event of an attack.

The following tips are designed to increase your awareness of personal safety and to encourage you to think ahead about how you would react if assaulted:

- **Be alert to your surroundings**
 - Know your route and stay in well-lighted areas. Walk confidently.
 - Walk with other people whenever possible.
 - Consider carrying a whistle on your key chain and use it if you find yourself in danger.
 - Know the locations of campus and blue light telephones.
 -

- If you are walking alone, don't use headphones; they distract you and prevent you from being alert.
- **If you travel by car**
 - Always keep your car locked, while you are riding and when it is parked.
 - When returning to your car, do so with your keys in your hand.
 - Check the back seat before you get in.
 - After you get in, re-lock the car immediately and keep the windows up.
 - Do not stop to assist stalled drivers. Drive on and call the police.
 - Do not accept assistance if your car is stalled. Tell anyone who offers help to call the police.
 - Do not pick up hitchhikers.
- **If you travel by bus**
 - Go to the bus stop with other people whenever possible, particularly at night.
 - Don't accept rides from strangers.
- **If you feel you are being followed**
 - Walk to the nearest occupied or well-lighted building, *not* to your car or a bus stop. If on campus, contact campus security for assistance; if off-campus, call the police. Note the appearance of the person or persons; note the license plate number of the car. Your personal safety should come before the security of belongings, such as books, bags, etc. When in doubt, leave them behind.
- **If you feel threatened**
 - Shout "Leave me alone." Others may hear you and/or the potential criminal may be frightened away.
 - Trust your instincts. If you feel in danger, you probably are; don't be embarrassed to seek assistance.
- **Cell phone program**
 - The college provides free 911 cell phones to students and others on campus who have reason to fear for their safety. Contact Security or one of the offices listed for more information.
- **Blue light phones**
 - There are 29 strategically located emergency blue light phones on campus that connect directly with the County Police without having to dial. These phones are for emergencies requiring immediate police assistance. Directions for proper use are printed on the inside of the call box in English and Spanish.
- **At home**, keep the doors and windows locked. Ask repair, service or delivery persons for identification or have them wait outside while you call to verify their employment.
- Learn to **defend yourself**.
- **Teach children** about the potential for sexual assault and what to do if they are ever approached inappropriately. Children should be told that they are never responsible for sexual assault and to tell a trusted adult if an assault should ever occur.

Report all incidents to Security if on campus, to the police if off campus.

Sexual Harassment

Sexual harassment includes any unwanted verbal or physical sexual advances, requests for sexual favors, sexually explicit derogatory remarks, and sexually discriminating remarks which are offensive or objectionable to the person at whom they are directed, or which cause a person discomfort or humiliation.

Sexual harassment can be as subtle as a look or as blatant as rape. Women are most often, though not solely, its victims.

Verbal harassment may include “humor” or “jokes” about women, sex, or sexual orientation, or remarks connecting a person’s sex with intellectual or academic abilities. Whether verbal or physical, sexual harassment is an act of aggression. It is a violation of both federal (Section 703 of the Civil Rights Act of 1964 and Title IX Education Amendments of 1972) and New York State Human Rights law.

Verbal harassment may include: sexual innuendos and comments and sexual remarks about clothing, body, or sexual activities; suggestive or insulting sounds; sexual propositions, invitations or other pressure for sex (“My office hours are limited. Why don’t you come by my house, or we can have dinner, and get to know each other better in privacy.”); implied or overt threats (“It’s simple; if you want to pass the course, you have to be nice to me and sex is the nicest thing I can think of. It’s up to you.”)

Physical harassment may include: patting, pinching or other inappropriate touching or feeling; brushing against the body; attempted or actual kissing or fondling; coerced sexual intercourse.

Other kinds of sexual harassment may include: leering or ogling (for example, an advisor who meets with a student and stares at her breasts); obscene gestures. If you feel you are being sexually harassed at WCC, you may request help from several sources:

Sexual Harassment Complaints

Allegations of sexual harassment should be reported to the college’s Title IX Coordinator, Director of Human Resources, the Director of Student Support Services, your faculty advisor, or a Personal Counselor. They will investigate sexual harassment complaints and institute the formal procedures for resolving them. These procedures are in accordance with collective bargaining agreements and established college policies and guidelines.

After hearing your complaint, they may suggest several courses of action, including contacting the department head of the faculty member or staff person involved, or the relevant Dean, with mediated discussion and/or hearings, which ensure confidentiality. In cases of physical harassment, they will call on security personnel, if necessary.

Counselor

Students may also feel comfortable approaching a counselor or a faculty advisor to get advice and support, or to make an initial complaint.

HOW TO REPORT A CRIME

Campus policy encourages every member of the campus community to report a crime promptly to the Security Department if the victim wants to or is unable to report. All criminal incidents and emergencies should be reported to the Campus Security Office located in the Student Center Building, Room 118, in person, or by telephone (914-606-6984). **Our emergency phone number is 6-911.** If necessary, or appropriate, the Westchester County Police will be informed of the incident. The Westchester County Police can be contacted directly by using the Campus Blue Light Emergency Phones or by dialing 911 from any phone (9-911 from college phones). A County officer will be dispatched immediately to the site of the complaint. These phones should be used only for emergencies.

Campus Security will record, classify, and log all reports received. Individuals reporting incidents will be informed of their rights and given an opportunity to file a police report for insurance or criminal purposes. All reported incidents are reviewed on an ongoing basis to determine patterns and required corrective action. Any incident of extreme serious nature will be immediately reported to the President or his designee. A strong working relationship between Campus Security and the local police departments will be maintained. Third party reports will not be accepted by a police officer. Only persons who are involved directly in such incidents should report them.

In the event of a major emergency or anything that poses a threat to students, employees, or others, an alert will be prepared by posting notifications on all campus outer doors and distributing a campus e-mail notification.

CONFIDENTIAL CRIME REPORTING POLICY

Persons wanting to report a crime or incident can do so confidentially by contacting the Director of Campus Security, or one of his assistants, in his office (room 118 in the Student Center) or by calling 914-606-6730. The reporting person's name will be kept confidential, but the incident may be included in the annual crime statistics report without divulging the person's name or any other information that would infringe on his/her confidentiality.

In addition to the campus Security Office, crimes or serious incidents may also be reported to individuals and officials having significant responsibility for students or campus activities, or those with responsibility for controlling access to buildings or facilities (i.e.- Security Department members, Deans, Extension Site Directors, Coordinators of Student Activities/Life/Athletics, Faculty Advisors to student groups, Director of Athletics, Coaches, etc.). These individuals also allow victims and witnesses to report crime on a voluntary, confidential basis. Reports of this nature are filed with the Campus Security for informational purposes.

Although professional counselors at the college are exempt from disclosing reported offenses when acting in their professional capacity, Westchester Community College encourages them, if and when they deem it appropriate, to inform those who they counsel of procedures for reporting crimes on a voluntary, confidential basis for inclusion in the Campus Security & Safety Report.

TIMELY WARNING POLICY

Westchester Community College's policy is to issue timely warnings to the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to health & safety; and for certain crimes that are reported to campus security authorities or local police agencies and are considered to represent a threat to students and employees, unless issuing a notification will compromise efforts to contain the emergency.

Warnings may be issued by any of the following means: campus-wide email, notices placed on external doors on all buildings, voice mail, Intranet web site, electronic signs, and the *Viking News*. Additionally, Westchester Community College uses an emergency alert system that can send text messages, email, and voice messages. Students, faculty, and staff are automatically signed up for the system using the contact information in their employee/student records. This system is available only to students and employees of Westchester Community College. All personal information will be kept confidential, and the system will ONLY be activated in the event of an emergency or important campus announcements.

POLICY ON ALCOHOL AND DRUGS

Westchester Community College is committed to maintaining an environment that supports academic success and personal wellness for all members of our college community. The misuse of alcohol and illegal drugs interferes with the college's goal of fostering a healthy and safe learning and work environment and can have a devastating effect on all members of the community. In accordance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act of 1989, Westchester Community College maintains a program to prevent the unlawful manufacture, distribution, dispensation, possession and use of illegal drugs or alcohol by students and employees.

Westchester Community College is committed to supporting an environment which fosters academic success and continual learning as well as the health and well-being of the members of its community. The use and/or abuse of illegal drugs, tobacco, and alcohol carries possible health risks to the individual user as well as the campus community and community at large. Health risks associated with use and abuse may include damage to major organs such as the brain, heart, lungs and liver as well as medical problems such as high blood pressure, cancer, heart attack, or stroke. Unwanted pregnancy, sexually transmitted infections, unwanted sexual activity, poor academic performance or failure, and physical and mental dependence are also possible health risks associated with use and abuse. The use of alcohol during pregnancy may cause injury to the fetus or Fetal Alcohol Syndrome. Users of needles for the use of drugs such as heroin or crack carry the risk of spreading HIV and Hepatitis from the sharing of those needles. Additional health risks exist for driving under the influence of alcohol or other substances (including those prescribed by a provider) and may result in criminal charges, driving related injuries, and fatalities. Addiction is another very serious health risk associated with the use of alcohol or other substances. Addiction is a primary, progressive, chronic and potentially fatal disease.

Campus administrators, particularly those within Student Life (for students) and Human Resources (for employees) are ultimately responsible for enforcing the College's prescribed drugs and alcohol standard of conduct which can be found at [WCC-Drug-Alcohol-Policy.pdf \(sunywcc.edu\)](http://www.sunywcc.edu/WCC-Drug-Alcohol-Policy.pdf). This responsibility is shared with Campus Security, Health Services, and students.

These phones should be used only for emergencies.

Emergency Response and Evacuation Procedures

If a significant emergency is reported at Westchester Community College, Security Officers will be dispatched to confirm the report. They will provide information to the Director of Security or one of his Assistants regarding the reported emergency. If a significant emergency is confirmed, Westchester Community College will, without delay, and taking into account the safety of the community, notify the campus community, unless the notification will, in the professional judgment of the Director of Security or local emergency response agencies, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

If a notification will be issued, the Director of Security, or one of his assistants will contact the Director of College Community Relations, or one of his assistants, and inform them of the details of the emergency. They will jointly determine who to notify, the contents of the notification, and the most appropriate channels to utilize in issuing the notification (alert system activation, e-mail, college website, Facebook, Twitter, etc.). Once determined, the notification will be issued without delay. If warranted by the circumstances, the Director of Security and his assistants have the authority to activate the SUNY Emergency Alert System immediately and without consultation.

The Director of Security and Director of College Community Relations, or their assistants, have primary responsibility for issuing emergency notifications for Westchester Community College. Emergency Notifications may be issued by any of the following means: voice notification by Security Officers, campus-wide email, notices placed on external doors on all buildings, voice mail, Intranet web site, Facebook, Twitter or the WCC Emergency Alert System. The WCC Emergency Alert System is tested on a regular basis throughout the year.

In addition to testing the alert system, the college conducts unannounced evacuation drills at the beginning of each semester and summer session. The drills are conducted during both the day and evening and are observed by the local Fire Department whenever possible. The results of the drills are documented and maintained in the Security Department.

Building Evacuations

A building evacuation, for fire or other reasons, is an event that may directly affect the life and/or safety of persons on our campus. As such, building evacuations and building evacuation drills require the active participation and support of all college employees and should be carried out by each of you in a manner befitting a representative of Westchester Community College. Evacuation drills are conducted at the beginning of each semester, both during the day and evening, and at the beginning of summer session.

In the event of a building evacuation, the Westchester Community College Security Department has primary responsibility to initiate and coordinate an appropriate response, including notification of emergency services and the college administration. Security Officers will be dispatched to assist in effecting an orderly and efficient evacuation and will provide specific instructions to building evacuees as appropriate. Additionally, there are Fire Marshals throughout the campus who have received specific training in how to assist in the event of a fire or evacuation. Any responding Fire Marshals may be identified by the orange safety vest they will wear in the event of an emergency. You must comply with instructions given by Security Officers and Fire Marshals.

Your primary responsibility in the event of a building evacuation is to immediately, safely and efficiently exit the building via the shortest safe route. ALL evacuation alarms must be treated as real, even if there are multiple alarm activations within the same day. Additionally, your adherence to the following simple guidelines is necessary to help ensure the safety of all building occupants during an evacuation:

- If you see a fire, **immediately** pull the nearest fire pull station to initiate the fire evacuation alarm.
- If you receive an unconfirmed report of fire or smell smoke, immediately call the WCC Emergency number at extension 6911 from any campus phone, or 606-6911 from an outside line. Security will be dispatched to investigate the report.
- Once an evacuation is initiated, make sure to immediately exit the room and proceed to the nearest safe building exit.
- Close the door as the last person exits and proceed to the nearest building exit.
- If you see an open door as you are exiting the building, close the door and continue to the nearest safe building exit. Do not deviate from the shortest safe exit route to do this.
- If you see any occupants in the building who do not appear to be evacuating, inform them there is an evacuation and that they must exit the building immediately.
- If you are aware of occupants who you believe did not evacuate the building as required, notify the nearest Fire Warden, Security Officer or Emergency Services Person immediately upon exiting the building. Inform them of how many persons and where they were last seen.

Evacuation Instructions

In the event of a Fire Alarm or other evacuation:

- Remain **CALM**
- **WALK, DO NOT RUN**, to the nearest exit.
- Go to the nearest exit, taking the shortest possible safe route.
- **NEVER USE ELEVATORS AS A FIRE EXIT**
- Once outside, remain at least 100 feet away from the building, more if directed.
- **DO NOT** re-enter the building until “**ALL CLEAR**” is announced by the Fire Department.
- If you are wheelchair-bound at ground level, or otherwise mobility-impaired, exit the building immediately. If you are above or below ground level, ask someone to escort you to the nearest enclosed stairwell landing and close the door. The escort should identify someone who will tell firefighters the location of the stairwell in which you are located. Fire department professionals will then evacuate you if necessary.

Fire Instructions

In case of fire, pull the nearest alarm. This will activate an audible and visual alarm within the building which rings directly to the Security Dispatcher. The Security Dispatcher on duty will call the local fire department, telling them the fire location and giving them other relevant information.

When a fire alarm sounds, **evacuate the building immediately. Walk - do not run, do not use elevators.** Close doors to classrooms and offices, leaving lights on, and exit from the nearest enclosed stairwell. Take your belongings with you. **Do not try to fight the fire.**

If you are wheelchair-bound at ground level, or otherwise mobility-impaired, exit the building immediately. If you are above or below ground level, ask someone to escort you to the nearest enclosed stairwell landing and close the door. The escort should identify someone who will tell firefighters the location of the stairwell in which you are located. Fire department professionals will then evacuate you if necessary.

Everyone who has exited the building should stay at least 100 feet away from building entrances until an "**all clear**" is announced by the fire department.

SEXUAL VIOLENCE PREVENTION & RESPONSE POLICIES

Definition of Affirmative Consent

Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression. The following guidelines apply to Westchester Community College:

- a. Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.
- b. Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
- c. Consent may be initially given but withdrawn at any time.
- d. Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise, cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.
- e. Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.
- f. When consent is withdrawn or can no longer be given, sexual activity must stop.

Policy for Alcohol and/or Drug Use Amnesty in Sexual and Interpersonal Violence Cases

The health and safety of every student at the State University of New York and its State-operated and community colleges is of utmost importance. Westchester Community College recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. Westchester Community College strongly encourages students to report incidents of domestic violence, dating violence, stalking, or sexual assault to institution officials. A bystander acting in good faith or a reporting individual acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to Westchester Community College officials or law enforcement will not be subject to Westchester Community College's code of conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.

Campus Climate Assessment Policy

Climate assessments afford institutions the opportunity to better understand their campus and to make informed decisions when it comes to providing a safe educational environment. Beginning in the 2015-2016 academic year, each State University of New York State-operated and community college will conduct a uniform climate survey that ascertains student experience with and knowledge of reporting and college adjudicatory processes for sexual harassment, including sexual violence, and other related crimes.

The survey will address at least the following:

- Student and employee knowledge about:
 - The Title IX Coordinator's role;
 - Campus policies and procedures addressing sexual assault;
 - How and where to report sexual violence as a victim/survivor or witness;
 - The availability of resources on and off campus, such as counseling, health, academic assistance;
 - The prevalence of victimization and perpetration of sexual assault, domestic violence, dating violence, and stalking on and off campus during a set time period (for example, the last two years);
 - Bystander attitudes and behavior;
 - Whether victims/survivors reported to the College/University and/or police, and reasons why they did or did not report.
 - The general awareness of the difference, if any, between the institution's policies and the penal law; and
 - The general awareness of the definition of affirmative consent.

Every institution shall take steps to ensure that answers remain anonymous and that no individual is identified. Results will be published on the campus website providing no personally identifiable information shall be shared.

Beginning in the spring semester of 2015, the Chancellor or designee will convene a group of scholars and practitioners to review methods of assessing campus climate, specific questions asked in past surveys, relevant data on responses and response rates, issues and problems encountered in survey implementation, and lessons learned from past surveys. The Chancellor or designee will gather this data and seek to develop a standardized survey, with the advice of relevant members of the SUNY community and knowledgeable outside entities, that uses established measurement tools, to be implemented every two years by all SUNY State-operated and community colleges beginning in the 2015-2016 academic year. This policy may be changed by the Chancellor or designee should federal and/or State legislation require a different process or duplicate efforts to assess campus climate via survey.

Student's Bill of Rights

- Be free from any suggestion that the reporting individual is at fault when these crimes and violations are committed, or should have acted in a different manner to avoid such crimes or violations;
- Describe the incident to as few institutional representatives as practicable and not to be required to unnecessarily repeat a description of the incident.
- Be free from retaliation by the institution, the accused and/or the respondent, and/or their friends, family and acquaintances within the jurisdiction of the institution;
- Access to at least one level of appeal of a determination;
- Be accompanied by an advisor of choice who may assist and advise a reporting individual, accused, or respondent throughout the judicial or conduct process including during all meetings and hearings related to such process;
- Exercise civil rights and practice of religion without interference by the investigative, criminal justice, or judicial or conduct process of the College.

The College may elect to maintain a record of the evidence and information collected and may decide to continue to investigate a complaint in order to maintain a safe, non-discriminatory environment for all members of the community.

Options for Confidentially Disclosing Sexual Violence

Westchester Community College wants individuals who have experienced sexual violence to get the information and support that they need regardless of whether they would like to move forward with a report of sexual violence to campus officials or to police. A person may want to talk with someone about something they have observed or experienced, even if they are not sure that the behavior constitutes sexual violence. A conversation where questions can be answered is far superior to keeping something to one's self. Confidentiality varies, and this section of the policy is aimed at helping our community understand how confidentiality applies to the different resources that may be available.

On-Campus Options to Disclose Sexual Violence Confidentially

Reporting individuals have the right to confidentially disclose an incident to College officials who are designated as confidential resources. These individuals can assist in obtaining services for reporting individuals. Individuals who are confidential resources will not report crimes to law enforcement or college officials without permission, except for extreme circumstances, such as a health and/or safety emergency. Student Onboarding and Ongoing Education Guide

The College believes that sexual violence prevention training and education cannot be accomplished via a single day or a single method of training. To that end, the College, in accordance with SUNY-wide policy and state and federal law, will continue to educate all new and current students using a variety of best practices aimed at educating the entire College community in a way that decreases sexual violence and maintains a culture where sexual assault and acts of sexual violence are not tolerated.

During the course of their onboarding to the College, all new first-year and transfer students will receive training on the following topics:

- The College prohibits sexual harassment, including sexual violence, domestic violence, dating violence, stalking, other violence or threats of violence, and will offer resources to any victims/survivors of such violence while taking administrative and conduct action regarding any accused individual within the jurisdiction of the College.
- Relevant definitions including, but not limited to, the definitions of sexual violence and consent.
- Policies apply equally to all students regardless of sexual orientation, gender identity, or gender expression.
- The role of the Title IX Coordinator, College Police/Campus Security, and other relevant offices that address violence prevention and response.
- Awareness of violence, its impact on victims/survivors and their friends and family, and its long-term effects.
- The Students' Bill of Rights and Sexual Violence Response Policy, including:
 - How to report sexual violence and other crimes confidentially, and/or to College officials, campus law enforcement and security, and local law enforcement.
 - How to obtain services and support.
- Bystander intervention and the importance of taking action, when one can safely do so, to prevent violence.
- The protections of the Policy for Alcohol and/or Drug Use Amnesty in Sexual and Interpersonal Violence Cases.
- Risk assessment and reduction including, but not limited to, steps that potential victims/survivors and potential assailants and bystanders to violence can take to lower the incidence of sexual violence.
- Consequences and sanctions for individuals who commit these violations.

The College will use multiple methods to educate students about sexual violence prevention. The College will provide training general and specific training in domestic violence, dating violence, stalking and sexual assault prevention and shall conduct a campaign that complies with the Violence Against Women Act, 20 U.S.C. 1092(f), to educate the student population. They shall, as appropriate, provide or expand specific training to include groups such as international students, students that are also employees, and online and distance education students. They shall also provide specific training to members of groups that the College identifies as high-risk populations.

Further, the College will require that student leaders and officers of registered/recognized student organizations and those seeking recognition complete training on domestic violence, dating violence, sexual assault, and stalking prevention prior to receiving recognition or registration and require student-athletes to complete

training in domestic violence, dating violence, sexual assault, and stalking prior to participating in intercollegiate athletics.

Methods of training and educating students may include, but are not limited to:

- President’s welcome messaging;
- Peer theater and peer educational programs;
- Online training;
- Social media outreach;
- First-year seminars and transitional courses;
- Course syllabi;
- Faculty teach-ins;
- College-wide reading programs;
- Posters, bulletin boards, and other targeted print and email materials;
- Programming surrounding large recurring campus events;
- Partnering with neighboring SUNY and non-SUNY colleges to offer training and education;
- Partnering with State and local community organizations that provide outreach, support, crisis intervention, counseling and other resources to victims/survivors of crimes to offer training and education. Partnerships can also be used to educate community organizations about the resources and remedies available on campus for students and employees seeking services; and
- Outreach and partnering with local businesses that attract students to advertise and educate about these policies.

The College will engage in a regular assessment of sexual violence education and prevention programming and policies to determine effectiveness.
